

# GELSOMINO

Linea dalla base cilindrica slanciata verso l'alto, si distingue dalle forme comuni per la parete inclinata. Particolarmente adatto per saponi e formule semi liquide ma anche per essenze o profumi nel settore body-care e hair-care.

Line with an upward sloping cylindrical base, distinguished from common shapes by its sloping wall. Particularly suitable for soaps and semi-liquid formulas but also for essences or perfumes in the body-care and hair-care sector.
